

Earn Toward Medallion Status with Delta Vacations

- SkyMiles Members will earn one (1) MQD per US\$1 of the Total Package Price for every completed Delta Vacations package when booked through Delta Vacations online, via Delta Vacation's Customer Engagement Center, or through an authorized travel advisor. "Total Package Price" means the total value of the package in USD spent on Eligible Flights, base hotel rental rate, base car rental rate, car transfer rate, cost of activities booked, but excluding taxes, fees, insurance, room service, other booking charges, amounts paid directly to the hotel, car or activity provider, or any element of the booking which is paid or reduced by vouchers or discount codes. "Eligible Flights" means Delta-marketed flights in Delta Main or above (flight numbers that include the "DL" airline code), flights marketed by Core Global Airline Partners that have a Delta ticket number (ticket number beginning with "006") and SkyTeam-marketed flights operated by a SkyTeam member airline that have a Delta ticket number (ticket number beginning with "006"), in each case which is booked through Delta Vacations direct via our Customer Engagement Center, or through an authorized travel advisor. Eligible Flights expressly excludes flights marketed by airlines that are not Delta Core Global Airline partners or SkyTeam members. Qualifying car rental bookings include rentals at a participating location for one or more days at rates other than travel industry rates or discounts, wholesale of tour package rates or discounts, wholesale tour package rates, insurance/dealer replacement rates, corporate and government rates, group travel discounts, or rentals in conjunction with a frequent flyer car award, or other corporate agreements applicable to the respective car company.
- SkyMiles Members will be awarded the MQDs as follows:
 - All passengers listed in the Delta Vacations booking will earn on the flight portion of the package based on the following:
 - Flight Option #1: If the sum of all passengers' Exception Fares is greater than or equal to the Total Package Price, then the number of flight MQDs earned by each passenger = $(\text{Total Package Price} / \text{total \# of passengers on the booking itinerary})$
 - Flight Option #2: If the sum of all passengers' Exception Fares is less than the Total Package Price, then the number of flight MQDs earned by each passenger = MQD's for such passenger's flight calculated using the Exception Fare policy.
- In addition to the MQDs earned on the flight component (if applicable), the passenger who books the package will earn MQDs on the nonflight portion of the Total Package Price based on the following:
 1. If the flight MQDs for all passengers were calculated using flight option 1 above: No additional nonflight MQDs earned.
 2. If the flight MQDs for all passengers were calculated using flight option 2 above: The number of additional nonflight MQDs earned by the primary passenger = $\text{Total Package Price} - (\text{sum of all passengers' Exception Fares})$.
 3. If no flight is attached to the booking, only the primary passenger earns nonflight MQDs equivalent to the Total Package Price.
- If a SkyMiles Member pays for a Delta Vacations package using miles, the calculation listed above will not apply. Instead, members paying with miles will earn 1 MQD for every 100 Delta miles redeemed on a Delta Vacations booking. If payment is split between miles and other forms of payment, the portion paid using cash or other similar forms of payment will earn MQDs based on the calculation set forth above, and the mileage portion of the payment will earn MQDs at a rate of 1 MQD per 100 miles.
- This calculation does not apply to packages of 8 people or more ("Group Packages"). On Group Packages, each passenger will only be eligible to earn MQDs on the flight portion of the package using the Exception Fares policy.
- Generally, posting of MQDs and miles to a SkyMiles Member's account depends on when Delta receives information related to the qualifying purchase. For Delta Vacations miles and MQDs,

please allow up to 8 weeks after completion of a Delta-marketed flight for flight miles and MQDs to be deposited in SkyMiles account and 8 weeks after completion of eligible car rental or hotel stay for miles and MQDs to be deposited in SkyMiles account. No MQDs will be awarded for any portion of the package not consumed by the passengers in the booking.

Earning Bonus Miles with Delta Vacations

- Purchase any Delta Vacations package that includes flight and hotel, from any Delta Vacations origin in the U.S. to any Delta Vacations destination, up to 331 days before travel, for travel anytime.
- Bonus miles are awarded for purchasing the following: flight and hotel stay; flight and hotel stay plus qualified car rental.
